EXPERIENCE

Web Developer

POWERSCHOOL INDIA PRIVATE LIMITED

📅 06/2022 - 03/2025 🌍 Chennai

A company specializing in software solutions with a focus on web application development

- Developed and maintained robust web applications using Angular, PHP, and SQL.
- Designed and implemented a **Payroll Module** to automate salary processing, deductions, and payslip generation.
- Created an **ID Card Module** for generating and managing employee identification cards with dynamic data integration.
- Ensured seamless integration between front-end and back-end systems for efficient data flow and user experience.

Web Designer & Developer

BHRATHI WEB CREATION PVT LTD

📅 01/2021 - 08/2021 🌍 Chennai

A web creation company focusing on designing and developing websites

- Worked on developing and maintaining web applications and websites.
- Created new websites from scratch using HTML, CSS, JavaScript, PHP, and SQL.
- Reworked and improved existing websites for better performance and user experience.
- Applied core web development technologies to build responsive and functional user interfaces.
- Integrated front-end and back-end systems to ensure smooth operation and data handling.

Freelance Web Developer

MK DESIGNING

📅 08/2020 - 12/2020 🌍 Chennai

Freelance services specializing in custom web design and application support

- Worked as a freelancer specializing in web application and website development.
- Handled all types of websites, including static, dynamic, e-commerce, and business sites.
- Developed projects using core web technologies: **HTML, CSS, JavaScript, PHP, and SQL**.
- Built interactive and scalable front-end interfaces using **Angular** and **React** frameworks.
- Provided full-stack solutions, including domain registration and server/hosting setup.
- Managed end-to-end development — from UI/UX design and coding to deployment and maintenance.
- Ensured responsive design, cross-browser compatibility, and high-performance optimization.

System Work Web Designer

APM KINGS TRACK

📅 02/2018 - 07/2020 🌍 Chennai

A company focused on business software solutions and automation

- I have a basic knowledge of web design, including HTML, CSS, JavaScript, and the Ionic framework.
